

Curated Seamless Surfaces Solutions

Wood| Wall| Glass| Metal

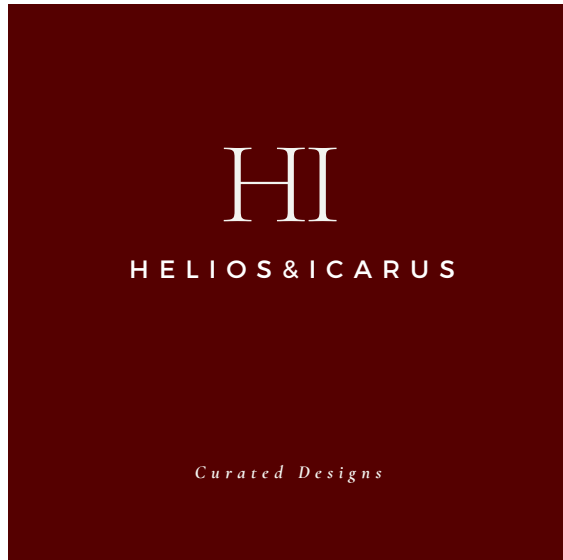

Micro topping| Lime Plaster| Micro concrete| Industrial Flooring| Stamped Concrete| Metal Flooring| Acid Stains

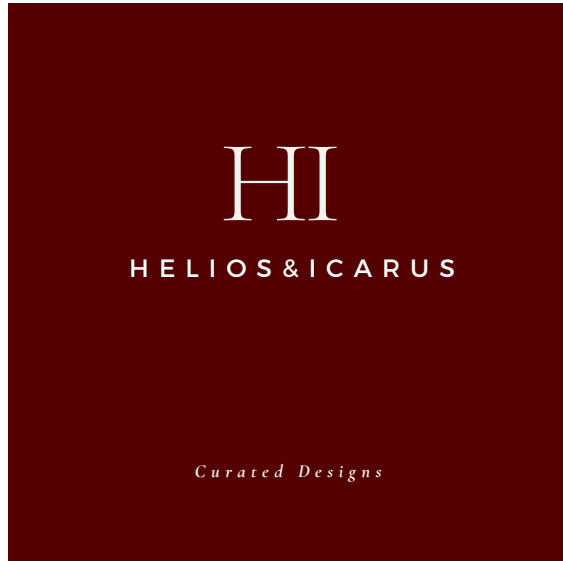

What is Microcrete?

- + Microcrete is a thin-layer, cement-based coating designed to resurface and enhance floors, walls, and other surfaces. It delivers a seamless, contemporary finish with customizable textures, colors, and effects—ideal for both residential and commercial spaces.
- + As a leading expert in surface finishes, **Helios & Icarus** brings decades of experience in **premium Microtopping/Micro concrete solutions**, ensuring high-quality results tailored to your vision.

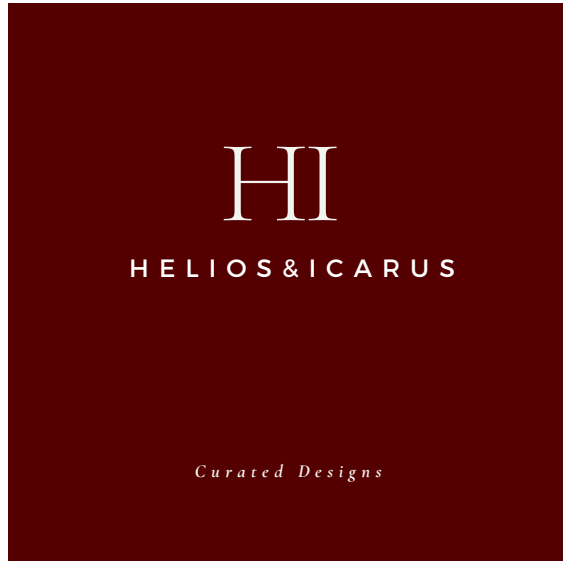

Key Features & Benefits

- + **Seamless & Modern Aesthetic** - No joints or grout lines, creating a smooth, elegant look.
- + **Thin & Versatile** - Applied in layers of just **2-3 mm**, making it perfect for renovations without altering floor height.
- + **Strong & Durable** - Highly resistant to **wear, abrasion, and moisture** for long-lasting performance.
- + **Customizable** - Available in **various colors, finishes (matte, satin, glossy), and textures** to match your design style.
- + **Applicable on Multiple Surfaces** - Can be installed over **concrete, tiles, wood, plaster, and even existing flooring**.
- + **Minimal Maintenance** - Easy to clean and maintain, with no special treatments required.

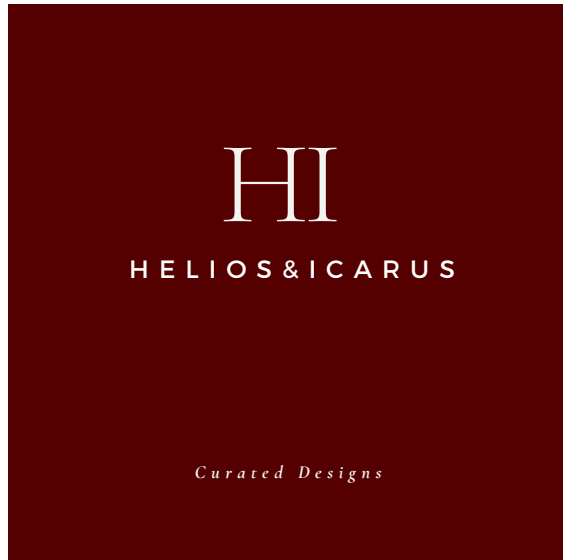

Where Can Microcrete Be Used?

- + **Interior & Exterior Floors** - Perfect for **living rooms, kitchens, bathrooms, patios, showrooms, and commercial spaces**
- + **Walls & Ceilings** - Adds a **sleek, decorative finish** to any **interior or exterior**
- + **Furniture & Countertops** - Ideal for a **modern, industrial look** in homes, restaurants, and retail stores.
- + **Swimming Pools & Wet Areas** - Thanks to its **water-resistant properties**, it's an excellent choice for bathrooms, poolsides, and spas.

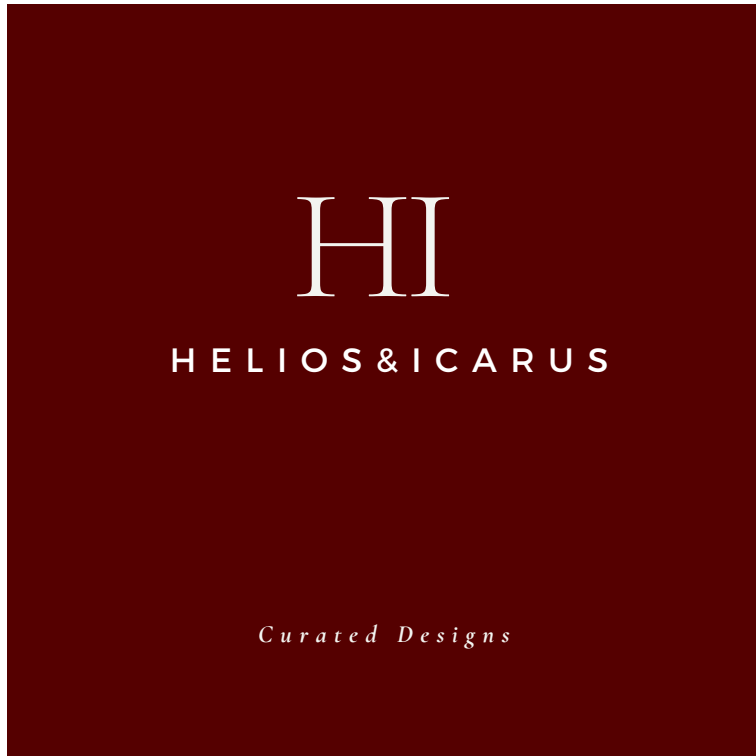

Application Process

- + **Surface Preparation** - Cleaning and priming the existing surface for optimal adhesion.
- + **Base Coat Application** - Creating a solid foundation for durability.
- + **Top Coating & Texturing** - Applying the final layers with the desired color and finish.
- + **Sealing & Protection** - Adding a protective sealant for **stain and water resistance**.

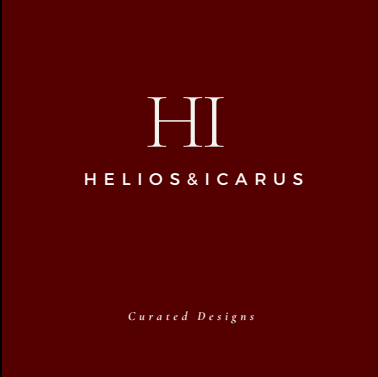

Why Choose **HI** Microtopping?

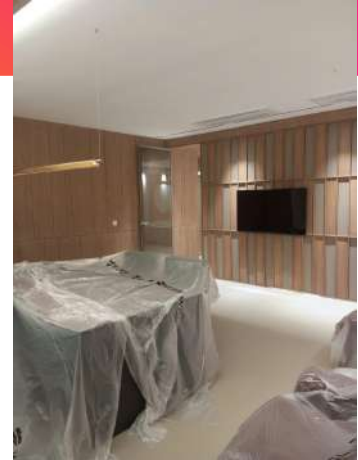

- + **Expertise You Can Trust** - Backed by **30+ years in surface finishes**, partnering with **Italy S.P. A** for world-class coatings.
- + **Perfect for Renovations** - No need to remove existing flooring, **reducing costs and time.**
- + **Eco-Friendly Solution** - Uses minimal materials and produces less waste compared to traditional resurfacing methods.
- + **Timeless & Trendy** - A preferred choice in **luxury homes, retail spaces, and hospitality projects.**

CONCRETE TEXTURE

WALLS & CEILINGS | INTERIOR EXTERIOR

This finish brings a natural, minimalist appeal to walls, with its rugged surface and subtle variations in texture. Whether you're aiming for a modern, urban vibe or a timeless, earthy aesthetic, concrete texture finish adds depth, character, and an effortlessly

PITTED FINISH

WALLS | INTERIOR EXTERIOR

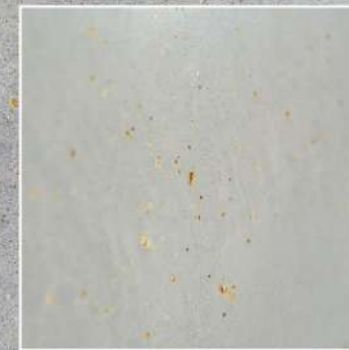

Pitted Finish is a serene, stone-inspired decorative finish that brings the calming essence of natural stone into any interior space. With its soft, matte texture and earthy tones, Pietra Zen creates a harmonious and minimalist aesthetic, perfect for fostering a peaceful, leather-like feel. The finish captures the understated elegance of stone surfaces, blending seamlessly

TRAVERTINO ROMANO

WALLS & CEILINGS | INTERIOR EXTERIOR

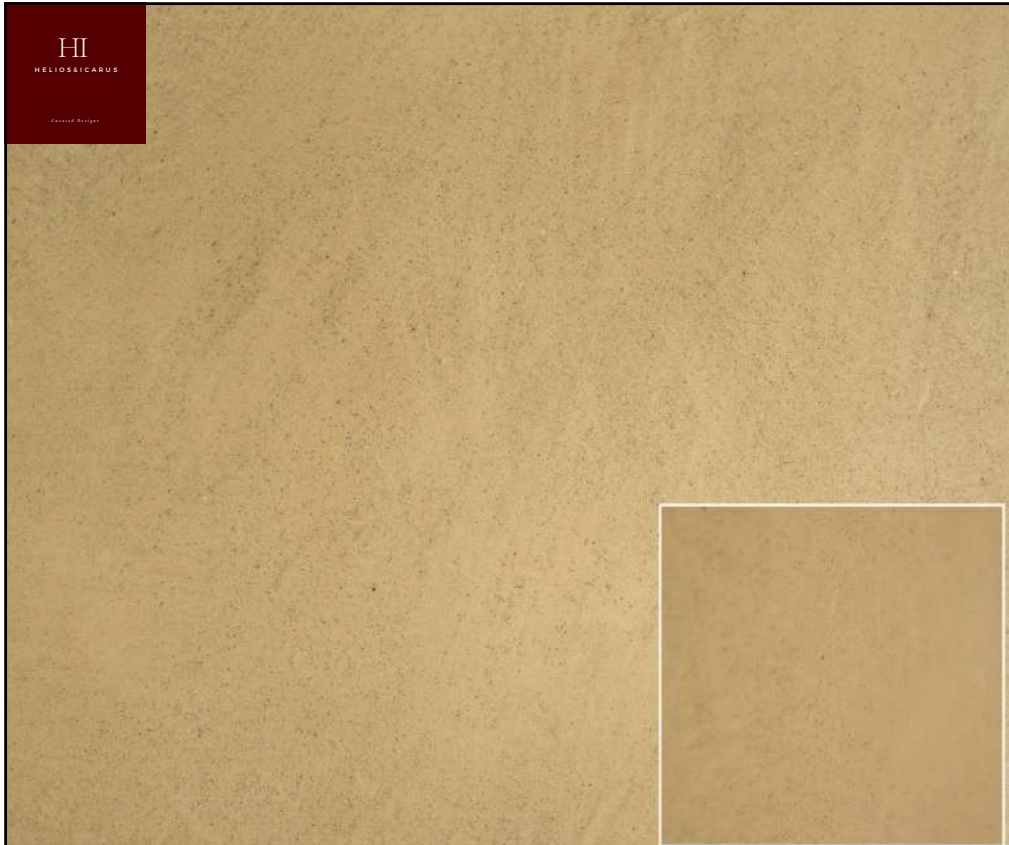

Powder compound of selected white marble powders (700 microns) and hydraulic binders, for prestigious finishes with a Travertino Stone effect.

GLIMMERPUTZ

WALLS & CEILINGS | INTERIOR EXTERIOR

Powder compound of selected marble powders, hydraulic lime, binders and special glimmers, with a smooth matt effect. Glimmerputz is a striking decorative wall finish that combines texture with a subtle metallic sheen, creating a luxurious, shimmering effect. This unique finish incorporates fine particles that catch the light.

MARMORINO SAND

WALLS & CEILINGS | INTERIOR EXTERIOR

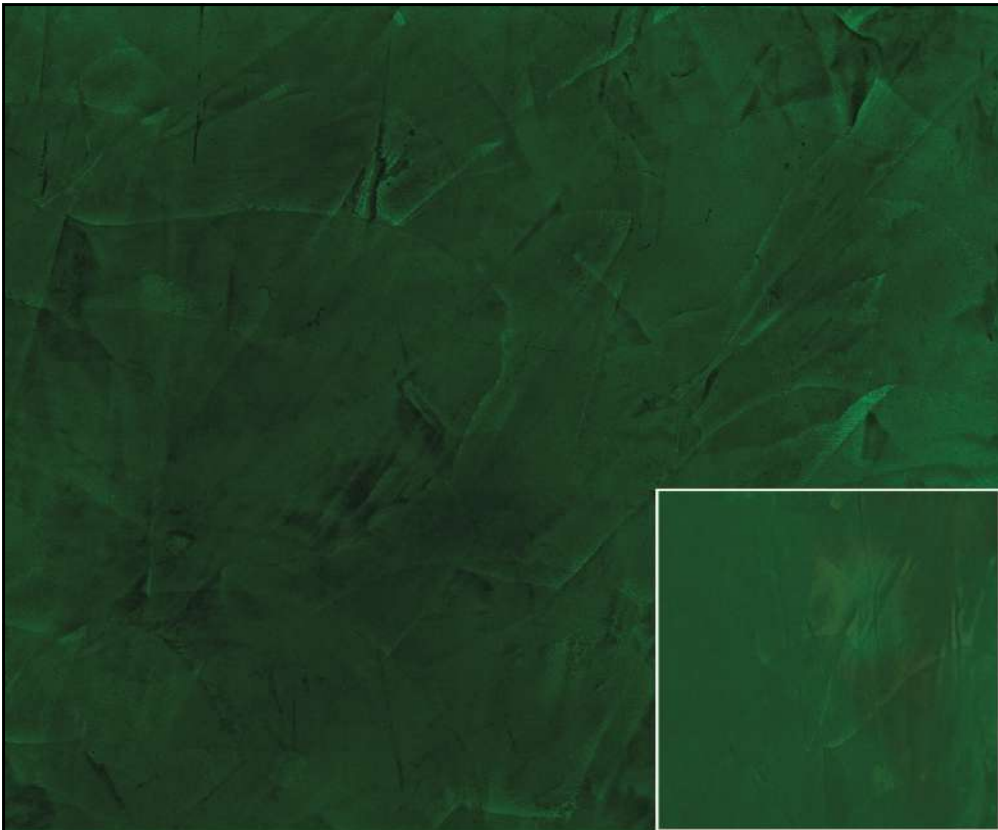

The use of the Marmorino technique was already known in Roman times and was renewed in the Renaissance. Composed of Lime, Marble powders and Artisan Manual Skills. A uniform wall, totally smooth and pleasant to the touch. Slightly satin-finished, it makes the walls of the house welcoming and exciting without being invasive. Ideal for large surfaces also for its speed of installation. Presented in this catalog in 36

BANDING FINISH

WALLS | INTERIOR EXTERIOR

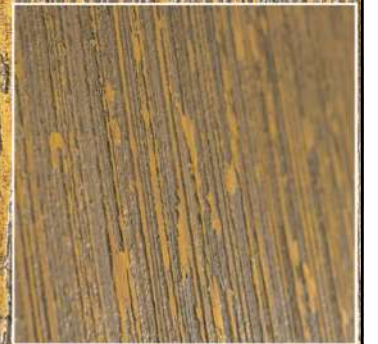

Banding Finish is a serene, stone-inspired decorative finish that brings the calming essence of natural stone into any interior space. With its soft, matte texture and earthy tones, Pietra Zen creates a harmonious and minimalist aesthetic, perfect for fostering a peaceful, bamboo like. The finish captures the understated elegance of stone surfaces, blending seamlessly

SPATULA FINISH

WALLS | INTERIOR

Spatula Finish is a luxurious decorative wall treatment that adds a soft, iridescent shimmer to any surface. Known for its subtle glow and smooth texture, this finish reflects light beautifully, creating an elegant, opalescent effect that shifts as you move around the room. MOON CRATER

WALLS | INTERIOR EXTERIOR

Three-dimensional finish with a contemporary look. Moon Craters' iconic texture is inspired by the lunar surface, which it reproduces on walls in rough bas-reliefs, similar to craters. The clever alternation of material zones, created with lime plaster, and areas smoothed over with lime-based paint, gives life to a highly evocative effect to embellish elegant and simple environments.

MURO

WALLS | INTERIOR EXTERIOR

MURO is a coating based on lime, marble powders of different sizes and natural minerals and Mica. A Natural Wall to touch, to touch and to Live. Easy to apply, it has an excellent filling power and has a natural resistance to mold and bacteria. Perfectly stable over time, it maintains the breathability of the support unchanged by virtue of the high permeability to water vapor. It is applied in a single coat.

ISTINTO FINISH

WALLS | INTERIOR EXTERIOR

Istinto Finish is a captivating decorative plaster that embodies raw elegance and artistic freedom. With its unique texture and rich depth, this finish evokes a sense of instinctual creativity, allowing each application to tell its own story. The slightly irregular surface and organic patterns create a dynamic visual effect, perfect for adding character and warmth to any space.

BAMBOO FINISH

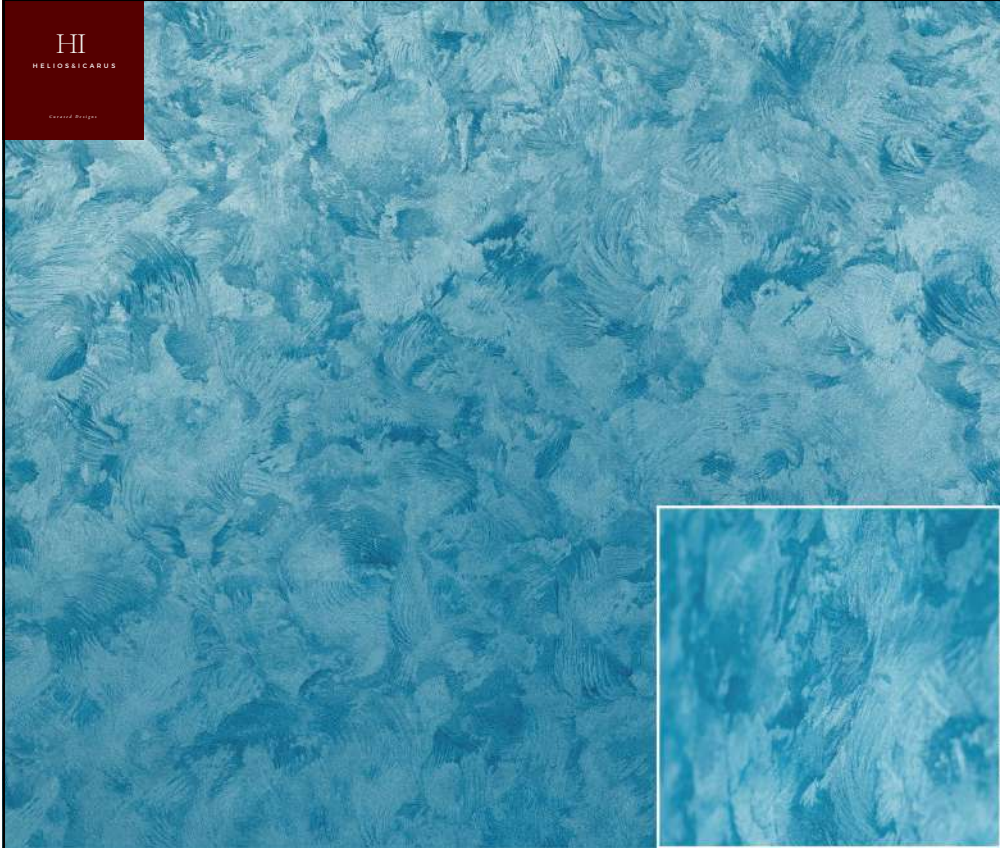

WALLS | INTERIOR EXTERIOR

Bamboo Finish is an innovative decorative wall treatment that draws inspiration from the natural beauty and versatility of bamboo. This finish features a unique texture that mimics the intricate patterns and lines of bamboo stalks, bringing a touch of organic elegance to interiors. The warm, earthy tones of Bamboo Finish create a calming atmosphere, making it an ideal choice for spaces where relaxation and tranquility are desired.
